Dietary Supplement

ROYAL ESSENTIALS

During an average lifetime, a human heart can beat over 2.5 billion times, and the average adult has 60,000 miles of arteries, veins and capillaries. Supporting your body with heart-healthy nutrients and a more active lifestyle is an important way to nurture cardiovascular health.

Leading dietitians also recommend eating whole foods in their natural state so nutrients, minerals, and vitamins are readily available to the body. Royal Essentials combines whole food ingredients, Royal Jelly and unpasteurized honey with Vitamin B12, and Vitamin C to naturally support a healthy cardiovascular system.

TAKE ROYAL ESSENTIALS IF:

- You want extra support for your cardiovascular system
- You enjoy natural, whole food supplements

SUGGESTED USAGE: Take one half teaspoon twice daily.

NOTE: You may want to hold the Royal Essentials under your tongue for 30-60 seconds for maximum absorption. Do not put in refrigerator.

INGREDIENT INFORMATION:

- **Royal Jelly:** Prized for centuries for its rejuvenating properties
- Contains 16,000 mg of Royal Jelly per bottle
- Vitamin B12, well-known for its important role in energy production and supporting the formation of healthy blood cells, is delivered in the preferred form methylcobalamin
- Vitamin B12 also plays an important role in supporting healthy homocysteine levels
- Vitamin C supports the production of healthy collagen, which is the protein that supports healthy blood vessels
